

TOMMY GUNN

NAME: Tommy Gunn

NICK NAME: Dr Tom

D.O.B: 29th April 1987

POSITION IN BAND: Bass & Keyboards

ASPIRING GOD OF ROCK SINCE: I have been playing bass for just over 3 years. Throughout most of high school I played guitar, 'jamming' with Brian and Graham, with the thought of putting a band together under the name "Black Widow" however, it wasn't to be. Then I was asked to play bass for one gig for a band in school, I decided to give it a go.

While learning bass I found I picked up a lot of it pretty easily, having prior experience on guitar. It wasn't until I was asked by "Estrella", though that I decided to play bass full time.

I also began playing Piano in my 5th year of school when a friend taught me how to play "Home Sweet Home" by Motley Crue. Since then I have continued to improve, using my skill to add more depth to my song and melody writing.

FIRST GIG: High school Battle Of The Bands, it was here I first picked up bass and learnt my first song "Run To The Hills" by Iron Maiden.

FIRST CD BOUGHT: Queen – Made In Heaven which I bought when I was 10yrs old. I still have it and still listen to it now.

FAVOURITE ROCK STAR: Freddie Mercury. An amazing songwriter and singer with such who wrote such meaningful songs as well as having a unique singing voice, along with a reputation for the craziest parties – which is no bad thing!

FAVOURITE BAND: Haven't really got one in particular. All the 80's rock bands, I'm into Motley Crue, AC/DC, etc. They all have a unique style, and are bands that have influenced me in their different ways.

INFLUENCES: Guns n' Roses, Motley Crue, Aerosmith, Queen, Rolling Stones

PREVIOUS BANDS: I helped a few bands in school, playing bass, whilst playing in Estrella full time.

DREAM VENUE: Has to be Wood Stock 69' right before Jimi Hendrix.
